

INTERNATIONAL SOCIETY FOR
ENVIRONMENTAL EPIDEMIOLOGY

Students & New Researchers Network

Membership Details

- The SNRN is open to all students, post-doctoral trainees, and new researchers (who have fewer than 5 years of experience from their terminal degree) in the field of environmental epidemiology or other related disciplines.
- Currently, we have 250 members and are looking to expand. According to our recent survey 39% of SNRN members are located in North America, 41% in Europe, 14% in Asia, 4% in the Middle East, and 2% in South America.
- Our membership is composed of a diverse group: 33% of members are new researchers, 16% post doctoral trainees, 39% doctoral students, 8% master's students, and 4% undergraduate students.
- Although membership in ISEE is not a requirement for being a member of the SNRN, 75% of our members are also members of the ISEE.
